Monthly Reflections: Advancing Computer Science Education
Through ICSEC

HIGHLIGHTS OF RECENT ACTIVITIES:

APCSEC 2025

APCSEC 2025, BANGKOK

APCSEC 2025, held from 10–12 November, marked a successful milestone within the broader ICSEC programme, reinforcing our shared commitment to advancing computer science education for all. As an integral part of ICSEC’s ongoing work, the conference brought together educators, leaders, and practitioners to exchange ideas, challenge existing approaches, and explore practical pathways for strengthening CS education across diverse contexts. The discussions and insights generated offer valuable perspectives for countries to take forward, whether through grassroots initiatives, system-level improvements, or national-scale education reforms. We see APCSEC not only as a convening platform, but as a catalyst for sustained collaboration and action within the ICSEC community. We warmly invite others who share this vision to join us in shaping the future of computer science education together.

SEASON'S GREETINGS FROM ICSEC

As we come to the close of the year, we extend our warmest holiday season and year-end wishes to the ICSEC community. The past year has been shaped by meaningful collaboration, thoughtful dialogue, and a shared commitment to advancing equitable and high-quality computer science education across our regions.. This past year has been shaped by meaningful collaboration, thoughtful dialogue, and a shared commitment to advancing equitable and high-quality computer science education across our regions. We are deeply grateful to our partners, educators, and supporters for their continued trust and engagement. As we look ahead to the year to come, we look forward to building on this momentum together and welcoming more members into the ICSEC community.

ICSEC continues to grow through shared values and meaningful collaboration.

If you are interested in learning more about our work, contributing to regional conversations on CS education, or exploring ways to be part of ICSEC, we welcome you to contact us at yuta@i-csec.org
